## **FIELD TRIP – LAVAL COSMODOME**

Dear Parents,

An aerospace exploration field trip for all cadets of 518 Rosemont Squadron will take place on **January 31, 2026**, at the Laval Cosmodôme. During this visit, your child will explore various aspects of the space industry through virtual missions, interactive labs, and other activities designed to stimulate their interest.

**Cadets must report to the Squadron on Saturday, January 31, at 8:30 AM in civilian.** Please ensure your child has eaten a proper meal before arrival and arrives on time, as we will not be able to wait for latecomers. **The return to the Squadron is scheduled for approximately 3:30 PM.** Only basic equipment will be provided to each cadet. **Cadets must bring a cold lunch.**

**IMPORTANT** If applicable, your child must bring any medication necessary for their well-being. We also suggest they bring their health insurance card (RAMQ). **Please note that early departures are not permitted. If you plan on leaving early, please do not attend the activity.**

To participate, all cadets must have completed their registration file or submitted their annual validation questionnaire to the administration. Please scan the permission slip rather than taking a photo. The response slip must be scanned in PDF format and emailed to [coupons@escadron518.com](mailto:coupons@escadron518.com) or handed in person to a Squadron instructor.

For any emergencies during the event, you can reach us at 514-727-7764. For more information about the venue, please visit <https://cosmodome.org>.

Please accept, dear parents, our most distinguished greetings,

Capitain Wilbert Nazaire, CD  
Commanding Officer

Ms. Ginette Simon  
Chairperson
